GENERAC PRO POWERWAGON

- 800 lbs (363 kg) capacity (8.0 ft³ [0.2 m³]).
- Three forward speeds, one reverse.
- One-piece molded bed; high-density polyethylene.
- Powered dump allows unloading with the push of a button.
- Rear caster-type wheels allow utmost maneuverability.

FEATURES

- **Generac G-Force Engine:** Powerful, easy starting engines make our Powerwagon the natural choice for any task, and are designed for long life.
- **Powered Dumping:** A steep 60° dump angle empties the bed thoroughly at the push of a button, minimizing the need for raking out materials.
- **Gear-Driven Transmission:** Three forward speeds and a powered reverse match any walking pace and aid maneuverability in tight spaces.
- **More Maneuverable in Tight Spots:** Two rear wheels rotate 360°, creating a tight turning radius, allowing the Powerwagon go through gateways and barn doors, into wooded areas, on narrow trails, and more!
- **Disc Brake:** A hand-actuated disc brake checks the speed of a fully loaded cargo bed when operating on slopes. Lockable brakes secure the machine in place for loading and unloading.
